

**IPSOS National Marijuana Opinion Poll**  
**Conducted December 7-12, 2018**

**Methodology:**

The study was conducted online in Ipsos' Omnibus using the web-enabled "KnowledgePanel," a probability-based panel designed to be representative of the US general population, not just the online population. The sample consists of 1,003 nationally representative interviews, and 304 interviews in New Jersey, conducted between December 7-12, 2018 among adults aged 18+. The margin of error for the full sample is +/-3 percentage points.
